---

Brian:

I am not sure that CES has a Hazardous Enterprizes Permit. I believe this may be a new COH process so you would need to find out what exactly a Hazardous Enterprizes Permit is and how it is implemented. This is more of a looking forward rather than looking back at CES.

Thanks

**Subject:** Re: CES: Update

Thank you so much for the update Gary! By the way, I have been having some difficulty getting a hold of CES' Hazardous Enterprises Permit. Any insights on how I can get it?
